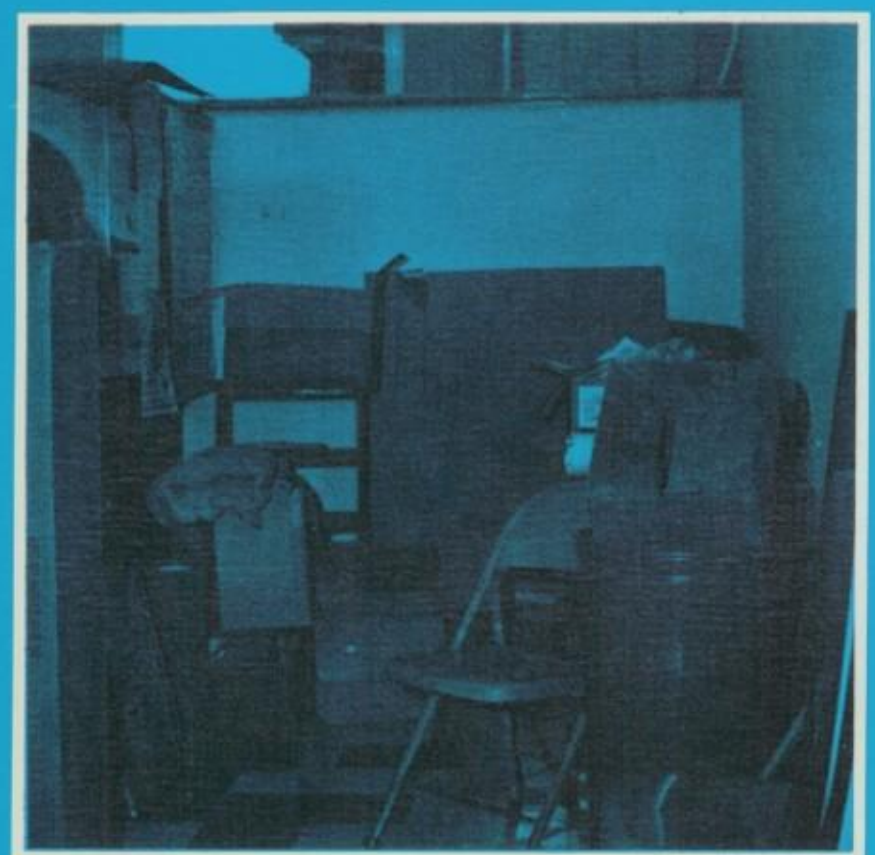
mrs. sexton has been a teacher at d.a.h.s. for over twenty years. her sense of humor, willingness to help, and patience have gained her the admiration and respect of both students and teachers. the students of david anderson could never hope to repay mrs. sexton for all her kindness and dedication throughout the years. in our hearts, no one will ever be able to take her place. to mrs. sexton, we dedicate the 1972 olympian.

a different look



after a delay, the school opened to reveal a new look. during the summer, workmen labored to complete the renovation of the school. but even so the work was not completed by the time the students returned and amid the debris, they had to find their way from class to class. the major portion of the renovation is completed with a few minor details to be finished.

staff . . .

mr. joseph driscoll, superintendent

mr. driscoll has been the superintendent of the lisbon school system for the past five years. it was through his efforts that we now have the beautiful renovated school to study in. the students are indebted to him for constantly striving to improve our educational facilities.

mr. george m. nace jr., principal

during the last twenty-four years, mr. nace has been the principal of d.a.h.s. the students and staff should feel privileged to work with this fine man. besides maintaining order and keeping school records, he always has the time to help a student with his education.

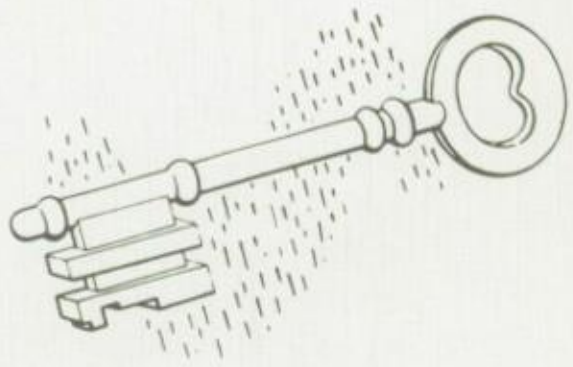
treasurer - mike ward



welding

welding class consists of juniors and seniors involved in a two year course of welding studies. this daily class involves two periods of studying materials related to welding and four periods of applying these studies to actual use in the shop. in order to complete the program and receive a vocational welding certificate issued by the state department of vocational education, the student must attend class at least eighty percent of the time. final issuing is done by the personal recommendation of the welding director, mr. george schorsten. the class has constructed many projects throughout the county, including several pieces of playground equipment. this year the class has helped in many of the remodeling projects of the school along with enlarging storage space at the stadium.

class

o.w.e.

the o.w.e. program is designed to develop student motivation and change of attitudes aimed at higher levels of achievement in school and work. it is hoped this can be accomplished by arranging suitable on-the-job-employment or in-school experience coupled with special academic and related work which will help students develop feelings of accomplishment and success that had previously been unattainable in the regular academic curriculum. o.w.e. is supervised by mr. ashton.

c.o.e.

the c.o.e. serves three major groups: businessmen, teachers, and student. cooperative office education is a terminal course during the year in the public schools of ohio. it emphasizes the individual skills, knowledges, and attitudes in the stenographic, clerical, and bookkeeping areas. the student must be sixteen years old, have good personal qualities, and must have developed marketable skills before entry into the program. the student works on the job one-half day and goes to school one-half day. after graduation, the student is considered a qualified, efficient office employee. the club holds its meetings every friday to discuss plans for fund-raising projects and field trips.

somebody said it couldn't be done
but he with a chuckle replied
that maybe it couldn't, but he would be one
who wouldn't say so till he tried.
so he buckled right in with the trace of a grin
on his face. if he worried he hid it.
he started to sing as he tackled the thing
that couldn't be done, and he did it.
